

NOTICE OF TEMPORARY CLOSURE OF HILLSDALE PARK FOR PLAYGROUND SAND REPLACEMENT PROJECT

On October 13, 2008, the Department of Parks and Recreation will begin a playground sand replacement project. This will require the closure of Hillsdale Park for approximately two to three weeks. During the project, the existing sand will be removed, the playground drainage system will be inspected and repaired (if necessary), and new playground sand will be installed. The new sand will provide a clean and soft surfacing material for the enjoyment of the playground users. If you have any questions, please contact District Park Manager David Martinez at 858-966-1362.
